

CEDAR & STONE

2021 CALIFORNIA

Cabernet Sauvignon

TASTING NOTES:

Cedar & Stone Cabernet Sauvignon presents a medium-bodied profile with a rich, juicy palate. Aromas of ripe boysenberry, blackberry, and violet blossom from the glass, accompanied by hints of leather and a touch of dried lavender, adding layers of complexity. On the palate, vibrant flavors of pomegranate and cherry unfold, with a gentle softness from a small blend of red grapes. Aging in oak enhances its depth, while soft tannins and a smooth, flavorful finish make this wine both versatile and approachable.

FOOD PAIRING:

This Cabernet Sauvignon pairs beautifully with grilled meats, hearty stews, and rich pasta dishes. It also complements hard cheeses and bold-flavored meals, making it a perfect match for a variety of cuisines.
